Michael A Krieger, BA

11:55 am- 12:00 pm Evaluation

PURPOSE/GOAL: To educate health care professionals on current issues associated with Alzheimer's Disease. We will examine proper pain management interventions, ethical issues caregivers and health care professionals face with dementia patients, and how music can be therapeutic to dementia clients.

WHO WILL BENEFIT: Social Workers and Nurses, Home Care Agency Administrators, Allied Health Professionals, Non-profit Agencies, Faith community based workers.

3 CONTACT HOURS NURSING: This activity has been submitted to the Ohio Nurses Association (OBN-001-91) for approval to award contact hours. The Ohio Nurses Association is accredited as an approver of continuing nursing education by the American Nurse Credentialing Center's Commission of Accreditation. Application was submitted for 3 contact hours.

3 CE SOCIAL WORK: Institute of Gerontology, Wayne State University is an approved provider with the Michigan Social Work Continuing Education Collaborative. Approved Provider Number: MICEC-0066. 1 Credit Pain Management and 1 credit Ethics CE.

3 CE NURSING HOME ADMINISTRATOR: This program was submitted to the MI Board of Nursing Home Administrators. OT/PT Certificate of Attendance will be provided for 3 Hours of Continuing Education Credit.

Certificate will be issued after total completion of program. Evaluation, sign in and sign out required.

LOCATION:
Greater Grace Conference Center
23500 W Seven Mile Rd
Detroit, MI 48219
313-543-6000

COST: \$25
Includes Continental Breakfast

OBJECTIVES:

1. Describe the types of pain typically associated with end-stage Alzheimer's patients.
2. Recognize the impact of pain management on the care plans of Alzheimer's patients
3. Identify successful intervention designed at impacting the quality of life for end-stage Alzheimer's patients.
4. Discuss the influence music therapy has on Alzheimer's patients.
5. Describe different approaches to music therapy that could be incorporated within their client base.
6. Identify the interpersonal needs of Alzheimer's patients, non-musically.
7. Identify different elements that affect ethical issues facing caregivers.
8. Discuss moral theories and principles that pertain to ethical caregiving decision making.
9. Recognize barriers to healthy patient and caregiver dynamics.
