handicapped accessible, in
compliance with all federal,
state and local standards.

2011

PURPOSE AND WHO SHOULD ATTEND:

The Continuing Education Program on Issues in Aging provides multi-disciplinary education and training in geriatrics and gerontology for health and human service professionals, paying special attention to the needs of a diverse aging population.

OBJECTIVES:

MONDAY:

Advances in Alzheimer's Treatment: Lifestyle, Technology and Pharmacological Interventions

- I. Describe new approaches to risk reduction, prevention of Alzheimer's disease
- II. Recognize technology trends in Alzheimer's treatment
- III. Discuss the importance of enhancing quality of life of Alzheimer's patients
- IV. Recognize best practices in cognitive training
- V. Discuss the concept of personhood in Alzheimer's disease

TUESDAY:

Contemporary Approaches in Clinical Gerontology

- I. Describe the concept of complex care coordination and acute care call-back program
- II. Identify elder mistreatment symptoms and interventions
- III. Describe how to integrate sexuality into work with older adults
- IV. Gain insights into the field of neuropsychology and how it applies to your practice
- V. Identify obstacles that caregivers face in an Alzheimer's Caregiving situation and strategies to reduce caregiver stress

The planning committee and the presenters declare no conflict of interest and will present without bias and without endorsement of professional services or products.
